NCC 2022 Summer Reading Challenge

How it Works:

CHILDREN ages 0-12 who read at least 15 minutes a day, five days a week will earn brag tags and prizes weekly. For each completed week of reading their name is also entered to win prizes at our Summer Reading Party.

TEENS ages 13-18 who complete their weekly reading will be entered to win prizes. Each completed book review will also earn a prize entry.

ADULTS ages 19-up who track their reading, get recommendations, and compete with other readers will be eligible to be 1 of 3 participants to win gift certificates to local businesses.

CHILDREN AND TEENS will receive a reading log to track their books and reading minutes. For each week of reading they submit, they will be rewarded with brag tags and prizes. Attendance at summer programs also earns an extra entry for Summer Reading Party prizes!
